PROJECTS

Spacemother (React, Ruby, Rails, JavaScript, HTML, CSS, SQL)

[Live](#) | [Github](#)

A website for gathering, maintaining and showcasing artists and their work.

- Programmed a Restful Ruby on Rails application, which allows a painless and seamless way to control both the content and associations of data.
- Used React hooks to maintain global state. Through this I was able to implement various features, such as a persistent music player. This music player connects with Youtube and can either play a default playlist or play various media found in different locations on the website.
- Connected instances in my PostgreSQL database with various Apis's, resulting in a simple and streamlined process for displaying all of an artists content in one place.

Halfway (ReactNative, React, JavaScript, HTML, CSS)

[Expo](#) | [Github](#)

A React Native App made with Expo. Halfway takes two addresses and returns places on yelp in between the two points.

- A mobile app which was successfully submitted to the App store.
- Utilizes Yelp and Google Geocoding Api's.
- Implements React's useContext to allow the User to change the parameters of the Yelp response.

Whats Projected (React, Redux, Ruby, Rails, JavaScript, HTML, CSS, SQL, GoogleMaps API)

[Live](#) | [Github](#)

An App designed to find movies projecting around town.

- Designed, and developed both the front and backend of a Website for looking up public movies.
- Utilized the Google Map API and the Google Geocoding Api, using secure methods to protect my API key, and in a way which is cost effective.
- Allows Users to find and RSVP movies, as well as follow friends and see their upcoming movies.

EXPERIENCE

Bartender

Oakland Athletic Club

March 2019 – October 2019

Manager: Daniel Waters (510) 301-8797

- Kept calm and was able to be unfazed by sports day crowds.
- Helped the bar manager to develop cocktails.

Bartender

Almanac Taproom

January 2018 - March 2019

Manager: Chase Henrik (847) 340-8469

- Displayed hard work resulting in my promotion from bar back to bartender within 2 months.
- Great team player who got along with all of my employees and was personable to our guests.
- Showcased an ability to learn quickly, as proven by how quickly I increased my knowledge of craft beer and the beer making process. I started with almost no knowledge and by the time I left I was doing tours of the brewery.
